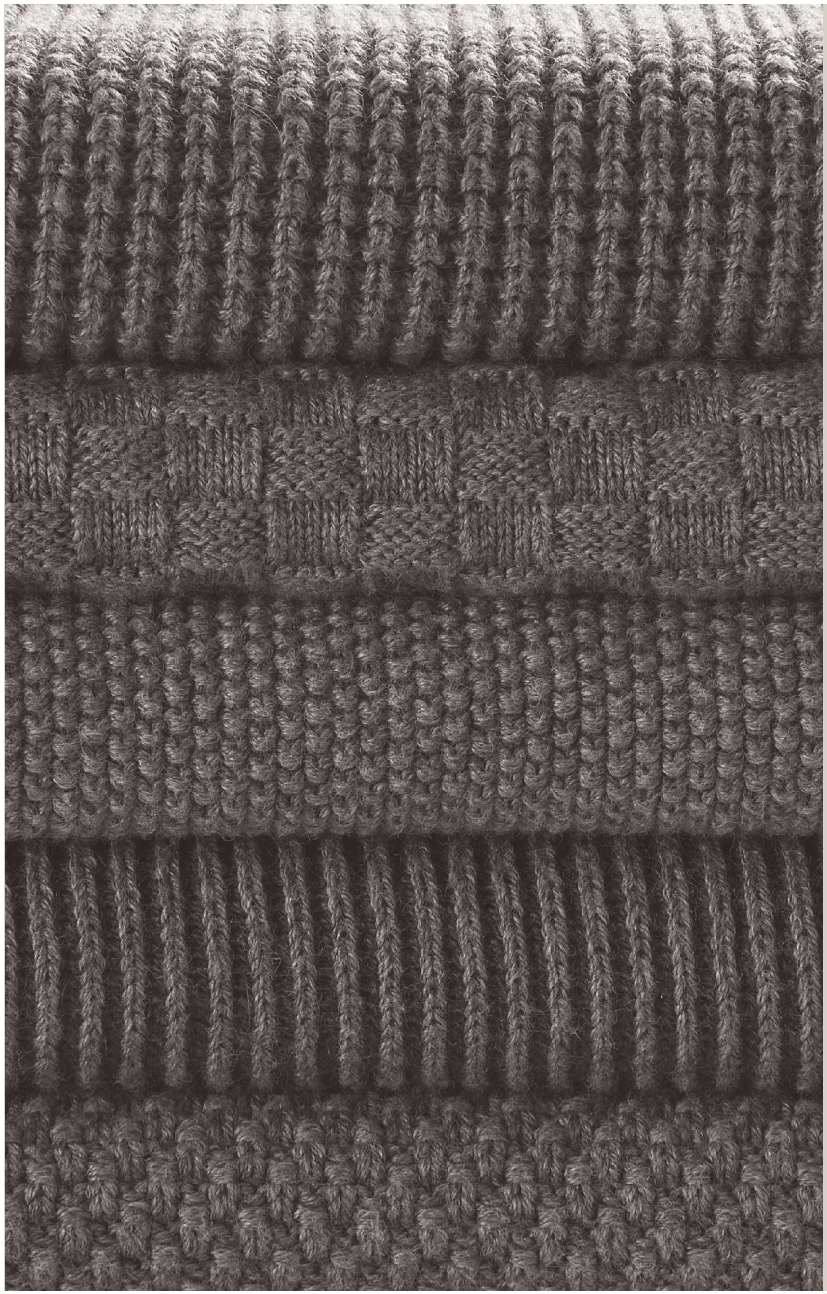
bemboka

luxury blankets and throws



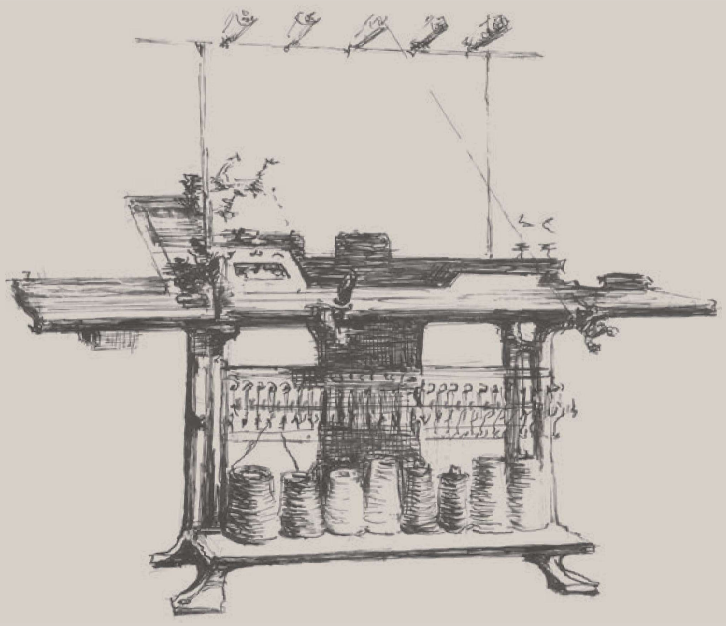
BEMBOKA HAS AN ESTABLISHED REPUTATION
as a luxury brand that has set the standard for
sophisticated, understated blankets and throws
of enduring quality.

Bemboka's classic designs and use of the world's best
yarns are a progressive take on timeless
yet contemporary design.

Our philosophy is to produce blankets of unsurpassable
quality whilst pushing the boundaries through design,
colour and exacting attention to detail.

All Bemboka products are hand finished, machine
washed and tumble dried in our factory resulting in
a unique pre-shrunk and superb quality product.

Our yarns are of such outstanding quality that all
Bemboka products may be machine washed
and tumble dried by the consumer.



Bemboka's knitting factory has been producing merchandise of exceptional quality since 1962.

We are bespoke manufacturers and will make to your specific size if required.

Bemboka blankets are used in the world's leading hotels and resorts because of their enduring quality in commercial situations.

We use the most precious natural fibres – cashmere, angora and superfine merino wool, knitted in our plant with devotion, care and the knowledge of generations.

For those who, like us, never compromise on quality.

pure soft combed cotton

Our cotton blankets combine the finest long-staple cotton processed to a high quality melange yarn. They are wet finished, tumble dried and pre-shrunk in our own production facility.
All blankets are hand finished by our own expert seamstresses.

combed cotton

pure cotton
turkish towels

Our towels are woven in Turkey on jacquard looms in a weight of 650gsm. They are frequently used in commercial situations. These luxury towels are soft, thick, highly absorbent and long lasting. The beautiful pique border design with chenille ribbed stripes and a sophisticated neutral colour palette make these towels a bathroom classic for years to come.
